Directors' Review

I am pleased to present the Directors' Review together with the condensed interim financial statements of your Company (un-audited) for the first quarter ended 31 March 2013.

The economic situation in the country weakened further, as foreign exchange reserves declined mainly due to debt repayments. Deterioration in the power sector remained the main physical constraint on growth and a major cause of financial and economic instability. Additionally, factors like poor law-and-order situation and political uncertainty due to the upcoming elections in May 2013 continued to influence commercial and industrial activity. CPI inflation trickled down to 6.6 percent in March 2013 compared to 8.1 percent in January 2013. It is expected to remain in the range of 8.0 to 9.0 percent for the year FY13 as per the economic outlook presented by State Bank of Pakistan in its recently published Second Quarterly Report for 2013. Given these overall economic conditions, SBP has maintained the current policy rate at 9.5 percent in the recently announced monetary policy. GDP growth rate is expected to remain in the range of 3.5 to 4.0 percent for the full year against a target of 4.3 percent.

The Directors are, however, pleased to report that the Company achieved consistent growth during the period under review. Net sales turnover of the Company stood at Rs 942 million for the first quarter ended 31 March 2013 witnessing an increase of Rs 101 million or 12% over the same period last year. The healthy growth in turnover was achieved through increase in sale of hard goods, improved prices, and higher demand from steel, oil & gas and healthcare sectors. This is despite that one of our long term contracts with a major customer upon expiry was revised to a lower negotiated tariff.

The business environment remains challenging and competitive. A deteriorating power and gas supply situation has not only increased the frequency of plant shutdowns and caused product shortages but also impacted operational efficiencies which together with higher input costs has resulted in cost of production to go up by 18% compared to last year while sales went up by 12%. As a result, gross margin remained at Rs 230 million, down by 3%, over last year, though overheads remained more or less in line with inflationary trends. After accounting for finance cost and taxation, the company has produced overall profit after taxation at Rs 51 million resulting in EPS of Rs 2.03 during the quarter under review.

Your Directors are confident that your company shall continue to demonstrate sustainable and improved growth for the remaining part of the current financial year.

On behalf of the Board

Linde Pakistan Limited
Notes to the Condensed Interim Financial Statements (Unaudited)
For the first quarter ended 31 March 2013

1. LEGAL STATUS AND OPERATIONS

Linde Pakistan Limited [formerly BOC Pakistan Limited] ("the Company") was incorporated in Pakistan under the Companies Act, 1913 (now Companies Ordinance, 1984), as a private limited company in 1949 and converted into a public limited company in 1958. Its shares are quoted on all the Stock Exchanges of Pakistan. The address of its registered office is West Wharf, Dockyard Road, Karachi, Pakistan.

The Company is principally engaged in the manufacture of industrial and medical gases, welding electrodes and marketing of medical equipment.

The Company is a subsidiary of The BOC Group Limited whereas its ultimate parent company is Linde AG, Germany.

The Company has a wholly owned subsidiary, BOC Pakistan (Private) Limited ("BOCPL"), which has not carried out any business activities during the period. Accordingly, exemption has been granted by the Securities and Exchange Commission of Pakistan ("SECP") from the application of sub-section (1) to (7) of section 237 of the Companies Ordinance, 1984 requiring consolidation of subsidiary in the preparation of financial statements for the current year.

2. BASIS OF PREPARATION

These condensed interim financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

These condensed interim financial statements are unaudited and are being submitted to the shareholders as required by Section 245 of the Companies Ordinance, 1984.

These condensed interim financial statements do not include the information reported for full annual financial statements, and should be read in conjunction with the Company's annual financial statements for the year ended 31 December 2012.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Company in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the preceding published financial statements of the Company for the year ended 31 December 2012.

Amendments to certain existing standards and new interpretations on approved accounting standards effective during the period either were not relevant to the Company's operations or did not have any significant impact on the accounting policies of the Company.

4. ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these condensed interim financial statements in conformity with approved accounting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. Estimates and underlying

assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period, or in the period of the revision and future periods if the revision effects both current and future periods.

In preparing these condensed interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the preceding published financial statements of the Company for the year ended 31 December 2012.
